

HAZ17 – Recycling Policy

Our responsibilities to the environment include the recycling of items for which streams exist within Carmarthen.

Controls:

- a. Metal tins are washed and placed in blue plastic sacks in the utility area – no food source so not placed in bins until just prior to disposal on a weekly basis and only if space permits.**
- b. Dry, clean plastic is managed in a separate blue bag stream. A bulk container is available in the secondary kitchen for this purpose prior to filling a blue bag. Once filled, the bag is placed in the utility area.**
- c. Dry, clean paper is managed in a separate blue bag stream. A bulk container is available in the secondary kitchen for this purpose prior to filling a blue bag. Once filled, the bag is placed in the utility area.**
- d. Bottles and glass jars are washed and placed in the container in the utility area prior to disposal via. the bottle bank.**
